Income Tax Don'ts
DON'T prepare your income tax return until you carefully read and understand the instructions accompanying the forms. Make out a work-sheet and check it with the instructions before filling in the forms.

DON'T delay in making out your income tax return. Tax problems deserve careful study, and the early assembling of your data expedites this.

DON'T destroy the data from which your return is compiled. You will need them for possible rechecking and verify the return.

DON'T overlook any item or any schedule on the form which you are required to fill out. They are all necessary to the exact computation of your income tax.

DON'T omit any explanation or information that is essential to a complete audit of your return. An ounce of care may save you a pound of unnecessary expense, and time and an annoyance both to you and to your Government.

Mess Fund "Nest Egg" Is Presented To Commander; Contributions Invited

Company D, 115th Engineers, was officially constituted as a unit of the National Guard of the United States and of the State of California, on Monday night at the high school auditorium when sixty-six enlisted men were mustered into service in the National Guard.

Lieut. Col. Maurice C. Bigelow, Infantry, U. S. A., instructor assigned to the California National Guard, conducted the muster and stated in his address to the company and to the several score of relatives and other friends who witnessed the service that the company may expect, under present plans, to be inducted into Federal service for one year of training about March 3rd.

Officers of the company later said they understood plans at present provide for the company being stationed in Placerville about ten days following induction into federal service, before leaving for the training camp.

In connection with the actual muster of the company, war veterans had launched a movement to collect a mess fund for the company and during the muster service L. J. Anderson, presented to Captain Arnold Weber a "nest egg" for the muster fund which had been collected Monday afternoon.

Those who wish to contribute to the mess fund may leave their contributions at the office of this newspaper, or may leave them at the L. J. Anderson office, opposite the bell tower on Main Street. Initial contributors to the mess fund include Park Stark, L. J. Anderson, Round Tent Store, Round Tent Cafe, Sierra Sudio, Fox Brothers, Budweiser Cafe, M. T. Capt. Kistle To Show Stunts

Fathers And Sons Dinner Schedules Entertainment By Sacramento Fireman

A formal request has been made to the Sacramento Fire Prevention Bureau by letter, asking that the visit of Captain C. J. Kistle to Placerville, to be the principal speaker at the Fathers and Sons' dinner at the Shakespeare Clubhouse on February 13th be authorized.

The committee in charge explained that sending of the letter is more or less of a formality, since arrangements for Captain Kistle's visit had been concluded verbally several weeks ago.

However, as an appreciation of the value which the community attaches to his highly entertaining and instructive demonstration, the written invitation was extended.

Captain Kistle's demonstration will constitute the major portion of the entertainment program for the evening. During the dinner hour the grammar school orchestra, directed by Miss Laura Ball, will play several numbers.

The committee in charge reports that the sale of tickets is proceeding on schedule and notes that only 225 tickets are available and that dinner will be prepared by the Shakespeare members only for those who have purchased tickets.

CO. D MUSTERED SEPT. 19, 1863

Outfit Was Part Of 2nd Battalion, 4th Brigade, In California Militia

"Company D." mustered into service Monday night, is not new to El Dorado County, for there was a "Company D" of the Guards in Placerville during the Civil War.

A muster roll, retained all these years in the family of the then First Lieutenant George W. Barlow and of one of his daughters, Mrs. Eta Kramp, shows that the company started service on September 19, 1863.

The unit consisted of four officers and fifty-one men under command of Captain George W. Barlow, with Lieut. Barlow second in command. Evan W. Edwards was another First Lieutenant and the Second Lieutenant was Charles H. Seifrid.

The first "sargeant" was Joseph F. Farley, and with an Irish name like that he probably was a good one, too. Other "sargeants" were George F. Leon, William F. Morphy, Byron H. Hulburd and Byron I. Tuman.

Senior corporal of the company was Benjamin F. Gates. Others were Joseph Sullivan, Adam Brooks, Joel W. Dofs.

The privates are listed alphabetically and the list includes many family names well-known in Placerville at that time and in later years. The roll mentions that two men were absent from the county, E. D. (Continued on Page 3)

"Inaugural Handicap" Creates Wide Interest Among County Residents

El Dorado County's Pear Bowl, which Messrs. Lloyd Raffetto and A. H. Murray have installed on Main Street in the quarters formerly occupied by the Raffles Garage, opened its doors Monday night as scheduled.

Hundreds of bowlers, fans and just spectators filled the place throughout the night and found the six-drive bowling hall and the entire building just what the management had promised.

Chamber of Commerce Secretary Wallace M. Ripley was master of ceremonies for the formal opening doings which came off about 7:30 o'clock and presented Mr. Raffetto and Mr. Murray to the large audience which crowded the Pear Bowl. Each spoke briefly.

Frank Jackson, secretary of the Sacramento Bowling Association, was introduced and spoke briefly, congratulating the management and the people of the county upon having a modern and complete plant.

The master of ceremonies then presented Mr. and Mrs. Curtis Coplin, proprietors of the Pioneer Market in Placerville, and announced they will instruct novices in how to get started at the game.

FIREMEN DANCE FEBRUARY 22

Committee Is Endeavoring To Arrange Program Of Pictures, Demonstration

Placerville Volunteer Fire Department is making plans for its annual dance, to be held on Washington's Birthday, February 22, at the I. O. O. F. Hall.

Roger Douvres heads the committee in charge and is being assisted by Bart Arundel, Milton Orelli, Lee Brown, Ed Jones, Roney Puthoff and Chief Mark Tetrault, Assistant Chief William Henningsen and Secretary Frank Fausel.

Red's Rhythm Rascals have been engaged, the chairman announced.

Douvres also revealed that the fire department is endeavoring to arrange a program in connection with the dance this year which will demonstrate the appreciation of the department for the public interest in the department and in the support of fire prevention.

Firemen pointed out that for a number of years past, the dance has been supported by many people who attended in the role of spectators but did not care to dance or, perhaps, did not attend at all. In addition, the dance attracts a large attendance of dancers.

This year, in an attempt to provide entertainment for the friends of the department who do not care to dance, as well as for all others, a program of demonstrations and motion pictures is being arranged to occupy a half or three quarters of an hour before dancing begins.

The department has called upon the state fire marshal's office for assistance, which has been promised, and detailed arrangements are yet to be concluded.

BRITAIN NEEDS PLANES, LACK READY CASH

Sec. Morgenthau Reveals Defense Chief's Effort To Place New Order

WASHINGTON, (UP)—Defense Production Director William S. Knudsen is attempting to place British orders for 2,000 more American warplanes for which the British have no funds although production facilities will be available, Secretary of the Treasury Henry Morgenthau, Jr., said today.

He told the senate foreign relations committee, in supporting the administration's British-aid bill, that Knudsen had called him about the matter yesterday. Strangely enough, Morgenthau said, some plane manufacturers will begin to run out of orders in April unless the British are able to make more contracts soon or the U. S. places the orders for more of them.

Emphasizing that the British have no money to make commitments for the 2,000 planes, Morgenthau said that the plane plants in question are tooled for British-type planes from funds previously provided by the British and French governments.

Morgenthau also: 1. Declared that he had abandoned all hope that Britain ever will pay this country her world war debt of \$5,729,000,000.

2. Admitted that the British-aid bill would permit President Roosevelt to give away munitions as well as lend or lease them; that the bill does not specifically require repayment for the munitions.

Morgenthau appeared before the committee in support of the administration's all-out British aid bill following indications that four amendments to the measure—including a ban on the use of U. S. naval vessels in convoys—may be adopted before it is finally approved by congress. The suggested changes were discussed at a bi-partisan White House conference last night.

Morgenthau said that the war is costing the British government more than 12,000,000 pounds (\$48,000,000) a day, approximately 60 per cent of the national income.

Tickets to the Lions show were distributed to Lions at their noon luncheon and may be obtained from the club members. The tickets must be exchanged for reserved seats at the box office at Fox Brothers drug store, which will be opened Wednesday.

A feature of the Lions Club Minstrel Show, Feb. 12 at the high school will be an entire act featuring a combination quiz contest open to all the audience with a surprising list of fine prizes for the winners it was announced Tuesday.

The contest will feature the best elements of all the popular radio quiz programs. A portable microphone will be used in the audience and the program will be entirely unrehearsed.

Dr. L. J. Anderson, director of the minstrel show, will impersonate "Dr. I. Q." on the stage and Lion Ben Larson will handle the microphone in the audience. He will be assisted by his corps of ushers in distributing the prizes.

Mail questions to Dr. L. J. Anderson. All questions become the property of the Lions Club. In case of identical questions the first one submitted will receive the award. The decision of the judges on the questions will be final.

All questions must be in the mail to be postmarked not later than February 8.

Moon and E. Spicer.

Among the "arms accoutrements and appendages" belonging to the State of California which the commander had in his custody March 29, 1864, according to an accounting on the muster roll, were muskets, bayonets, bayonet scabbards, cartridge boxes, cartridge box plates, cartridge box blis and plates, waist belts, waist belt plates, gun slings, cap boxes, screw drivers, wipers, tampions (a stopper or plug for a piece of ordnance not in use.—Ed.), cone picks, ball screws, spring vices, tumble punches, main springs, sear springs, tumbler screws, arm chests, packing boxes and four "Books of Instructions." The accounting is signed, "George W. Howlett, commanding, National Guard of Placerville."

In at least one instance, we can say that the descendants of old

"Company D," which was mustered into service on September 18, 1863, are found in the new Company D, mustered into service Monday night. James Ball, a member of the new Company D, is a grandson of First Lieut. Barlow, of the organization of Civil War times. Perhaps there are other similar relationships.

NEGRO HILL MINE SHIPS CHROME BY WATER TO EAST COAST

The Rustless Mining company is shipping chrome by water via Stockton to Baltimore, Md. The metal is coming from extensive deposits in the Negro Hill district. Powerful equipment was installed on the property last year and an extensive development program is going forward under the direction of H. F. Bryan, manager.

Most of the ore shipped is reported averaging close to 40 per cent chrome.

The Negro Hill property was formerly operated by the United States Chrome Company but about two years ago passed into the control of Rustless Steel Corporation of Baltimore.

Occidental Metals Company of Portland, Ore., and a number of local operators have begun production of chrome from the Sugar Loaf deposits in the Forest Hill area.

Occidental Metals holds leases on

compressor and drills and reports 2000 acres, has installed a hoist, that ore shipped is running close to 50 per cent chrome.

Producers report that the price of chrome at present is not favorable, but that the demand is increasing and a better market is anticipated. Chrome ranks high among the essential war metals and is largely used in the manufacture of rustless and high-speed steels.

PONTIAC CONTINUES AND AMPLIFIES ADVERTISING ON NEWSPAPERS

Pontiac Motor Division's advertising for January and February will be carried by 2500 newspapers, according to W. J. Mougey, advertising manager. Last year, during the same period, 1500 newspapers were used.

BURGER KNOWS GEMS

To the jeweler "stones" or "gems" or "gemstones" are those minerals suitable for personal adornment. For such purposes the value of a mineral is governed by (1) rarity, (2) Beauty, (3) Fashion, (4) Durability, (5) Portability. With few exceptions such minerals are colorless in the pure state; the color being technically an "impurity" or a "blemish." Ask Mr. Burger the history of your birthstone, no obligation.

SOVIET VIEWS SIGNIFICANT

(Continued from page one)

lems. That opinion is borne out by the decline in the intensity of German air raids over the Mediterranean, due probably both to heavy losses and to British bombings of the new German bases in Sicily.

The opinion of the Red Star that one third of the Italian army has been immobilized by the Greek war shown Russia's realization of the major importance of the Albanian fighting to the Fascists. The further comment that despite this proportion of Italian fighting strength the Greeks retain the initiative and are pushing the Italians to the sea shows Russia's opinion of Italian military competence.

Neither Germany nor Italy can find any satisfaction in this latest Soviet review of the war. Attempts to influence Stalin by the totalitarian dictators cannot go far while Moscow's present frame of mind continues.

It is to be expected, therefore, that Stalin will continue to exert secret but effective pressure in in southeastern Europe against the Axis expansion. He has no apparent expectation that the Axis is in a position to make military progress against Great Britain.

LIONS SCHEDULE FINALS IN PUBLIC SPEAKING CONTEST FEB. 11

Preparations for the finals in the local contest to select an entry in the annual Lions speaking contest were advanced by the club at its luncheon meeting Tuesday at Hotel Raffles.

Lion T. R. Schneider, chairman, reported that entries in the contest are practicing with Thomas Flynn, high school dramatics coach, and that the three best to be chosen in an elimination at the high school will appear in a contest before the club on February 11th.

Lion President A. H. Murray named a committee of three to serve as judges for the contest.

Other business of the meeting included reports on the mid-winter conference at Fresno last weekend, made by Lions John Palmer, Arthur Mart, Loren Atwood and Harold Morehouse.

Lion Ben Larson, entertainment chairman for February, reported a full program as follows: Feb. 4, James C. Sheridan of Lord & Thomas, advertising agency; Feb. 11, speaker's contest; Feb. 18, Secretary of State Paul Peek, obtained through the courtesy of State Senator H. E. Dillinger; and on Feb. 25, a showing of technicolor motion pictures of the Sun Valley, Idaho development.

Giving up her electrically-heated stall to make personal appearances in several parts of the country for the MARCH OF DIMES, Elsie, world-famous movie star cow is really blowing both her horns to attract the attention of the nation to the annual drive for funds for the National Infantile Paralysis Foundation.

Asked by the press for a few remarks, Elsie stated that pennies, nickels and dimes, when added together, make a lot of cents—common sense, for the common good of all children.

Elsie, also secured the aid of Mickey Rooney, famous Metro-Goldwyn-Mayer screen star, who is also a friend of the nation's kiddies, to aid the cause.

"LADY WITH RED HAIR" ON EMPIRE SCREEN TUESDAY ONLY

The Tuesday only program at the Empire Theater presents two attractions, "Lady With Red Hair" and "Saint in Palm Springs."

In "The Lady With Red Hair," the story is based upon a portion of the life of the late David Belasco and his greatest star, Mrs. Leslie Howard.

Claude Rains, as Belasco, gives a forceful presentation and, incidentally, illustrates the manner in which Belasco went about producing a star.

"Saint in Palm Springs" features Wendie Barrie and George Saunders.

WHITE ROCK STOCKMAN FINDS 11 CATTLE MISSED IN FALL

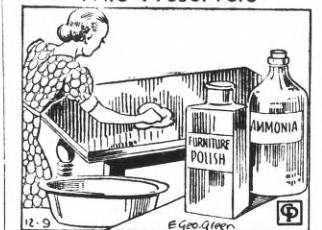

District Forest Ranger H. I. Snider of Truckee and Bryce Euer of Rolsom and Charles Johnson skied to a deserted lumber camp, four miles west of Boca on the Little Truckee River last week and removed twelve head of Euer's cattle, lost when the herd was removed from the district last fall.

Snider, making a survey of the country Wednesday, stopped at the abandoned camp to eat his lunch. He heard rustling in the basement of a cabin and upon investigation discovered a lone steer, gaunt and thirsty, but able to stand. The animal evidently had sought shelter in the room and fallen through the floor.

Investigation revealed 11 other cattle in the immediate neighborhood, all depending for food upon the tops of brush and shrubs protruding above the snow. Euer was notified and on Thursday the cattle were rescued.

The Ferndale cowtesting association, Humboldt county, is the oldest in the country in point of continuous operation.

Wife Preservers

Marks on table tops made by hot dishes should first be rubbed with a good furniture polish, wax or camphorated oil. Remove excess polish or oil with clean, soft cloth. Then wring a soft cloth out of clear, lukewarm water, put three drops of ammonia on cloth, and rub spots carefully, following immediately with another clean cloth moistened with wax or polish.
